ANTRIM & NEWTOWNABBEY

MARCH 2018- JUNE 2018

MEET THE TEAM...

The team covering the Antrim and Newtonabbey Area. We have hit the ground running and we have been enjoying every minute of it. Looking forward to the next 4 years!

The Peace Bytes Team

Enjoying ICT Training and Reflective practice in our Derry/Londonderry office and getting to know the whole Peace Bytes Team.

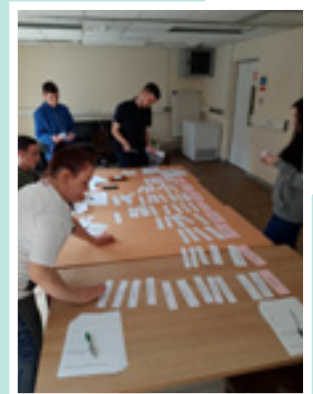

MALONE

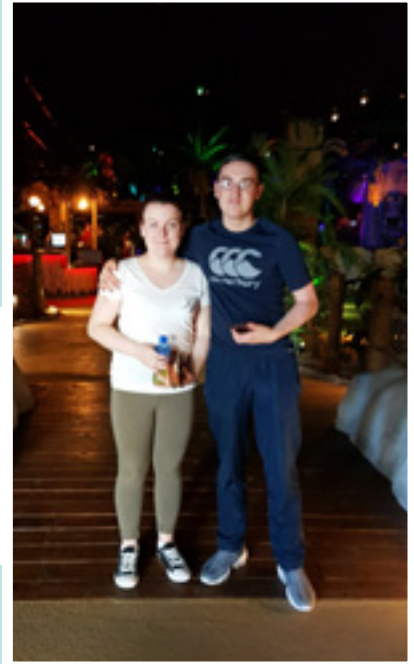

Enjoying a trip to the Ulster Museum, Belfast

The Group have had the opportunity to visit Indoor Golf, Go bowling and help out a Queens student with her Masters Reasearch.

Malone have been working so hard to complete their OCN in Social Media and their OCN in Diversity in Society. They are looking forward to finishing their OCN in Peer Mentoring over the next couple of weeks before getting stuck into their Social Action Programme.

Chris, our Good Relations Youth Worker, giving Conor a helping hand in completing his Barbering qualification!

A chance for the Crumlin group to bring out their competitive side at Go-Karting.

CRUMLIN

We are currently working with a group of up to 20 young males aged 14-17 from the Crumlin area. The population of Crumlin village has grown considerably over the past 10 years, as a result of the influx of residents from Belfast and surrounding areas. The youth provision for this age group in Crumlin is basically non-existent which has had a major impact on the high rates of anti-social behaviour.

The boys in our group would be seen in the community as the 'trouble makers' 'those who are up to no good' however after working with this group over the past three months, it's clear that this is a label applied to these boys. These young people are a great bunch of boys with great capacity. The majority of these boys have complex issues and require the support and opportunities of Peace Bytes.

To date these boys have completed an internet safety project gaining an OCN Level One in Exploring Social Media. They are currently starting the Drugs are for Mugs programme, gaining an OCN level One in Drug Awareness.

Our work to date with this group has been fun, rewarding and influential. We are looking forward to our work with this group over the next two months.

This quarter seen our Rathcoole day group work through their Peer Mentoring and Good Relations OCN's.

We have made use of the great weather between working hard on qualifications and made the trip to Cityside for Crazy Golf.

RATHCOOLE
(DAY GROUP)

RATHCOOLE (Evening Group)

Rathcoole Evening Group have completed their OCN in Peer Mentoring and Social Media. They are about to undertake their OCN in Diversity with Tides and hope to complete a further OCN alongside before their Social Action Project at the end of the summer.

FLAX

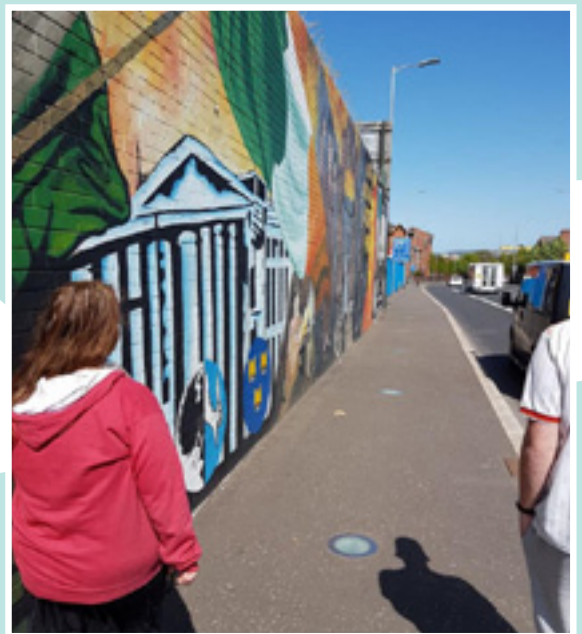

Flax have been working really hard and have formed a really strong group. To date they have completed their OCN Social Media, OCN in Peer Mentoring and an OCN in Diversity within Society. They are looking forward to getting really engaged with their Social Action Programme over the summer months and making some positive changes within their local area.

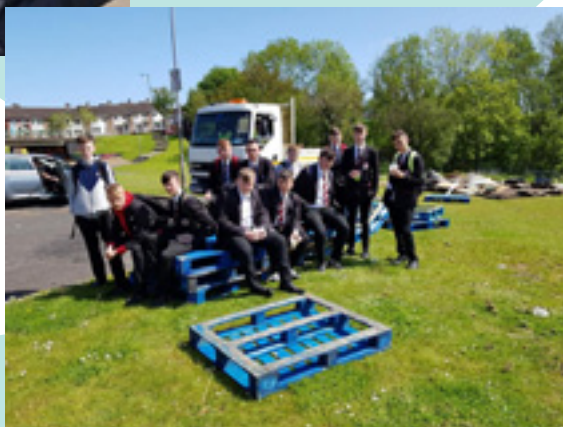

The group have been making the most of historical sites that are close to them and enjoying the history of their local area.

The Boys from Abbey Community College have completed OCN Level 1 in Diversity within Society and their OCN Level 1 In Social Media. They are looking forward to completing their qualification and working with Tides throughout the summer to complete their Good Relations OCN.

The group have enjoyed some trips in keeping with their qualifications and a trip Go-Karting. They also were kind enough to show the Youth Workers about their local area.
